Organizing Chairman
Dr. C. Palanivelu

Organizing Secretary
Dr. P. Praveen Raj

Dear friends/ colleagues:

Greetings from India

It gives us immense pleasure & pride in organizing India's largest single specialty conference in bariatric surgery. Over the years ,some new concept has been successfully attempted during every LAPAROFIT conference. LAPAROFIT 2007 was the 1st Bariatric specialty conference to be held in South India LAPAROFIT 2010 was the 1st conference in the world where the OR and the venue were located in 2 different cities with the transmission done in full HD mode. This also witnessed the 1st LIVE lap ileal interposition surgery by an Indian (C. Palanivelu). LAPAROFIT 2013 witnessed the 1st LIVE single incision Gastric bypass by an Indian (P. Praveen Raj) which was also webcasted LIVE throughout the globe .

LAPAROFIT 2014 will be 1st ever conference where the entire conference is going to be held in the form of WEBCAST where in both the faculties / delegates would remain in their respective places without having to come over to the venue

This we believe, is how the future of conferences is going to be !

Welcome to the new world of Laparoscopy.

**CME credit points from
Dr. M.G.R. Medical Universtiy
Tamil Nadu, India**

All presentations will be mailed to the delegates as soft copies
